Timeline & Status

The Three Pillars of Value

Financial Utility

Zero fees. Zero forex markup.
Lifetime free. Democratizing
premium benefits for the
mass-affluent.

The Rewards Engine

10% on all spend. **20%** on travel.
Simple math: 5 Scapia Coins = ₹1.
No complex conversion matrices.

Integrated Experience

A captive travel platform, not
just a card. Seamless booking of
flights, hotels (500k+
properties), and trains.

Target Persona: The Aspirational Millennial (22-38).
Mobile-first. Travels 2-6 times/year.

Convergence: Where Fintech Liquidity Meets Experience Economy

Traditional cards offer generic points. Scapia offers a lifestyle currency.

The Ecosystem: Orchestrating Value Across Three Layers

Unit Economics: The Profitability Equation

Revenue Streams

Cost Drivers

The Critical Lever: Travel Attachment Rate.

Profitability exists only when users convert **Points** (Liability) into **Bookings** (Commission Revenue).

The Partnership Value Chain

Role Definition: The **Partnerships** role is the bridge between **Financial Capital** (Banks) and **Inventory Capital** (Suppliers).

Competitive Landscape & Differentiation

Direct Competitors

OneCard (Metal/Multi-bank), Premium Bank Cards (HDFC Infinia/Axis Magnus)

Threat: Scale & Trust

Indirect Competitors

OTAs (MakeMyTrip, Goibibo), Fintechs (Cred, Slice)

Threat: Booking Volume & Share of Wallet

Scapia's Wedge

- Transparency (**5 Coins = ₹1**)
- Accessibility (**Lifetime Free**)
- Innovation (**Dual-Network**)

The Seamless Redemption Experience

Resilience Test: The Regulatory Pause

March 2024: The Halt

RBI pauses Federal Bank co-brands

Zero new user acquisition for 12 months.

The Pivot Strategy

Returned capital to investors (\$9M)

Expanded travel categories to 6

Built Dual-Network tech

March 2025: The Recovery

Resumed Issuances

Closed Series B (\$40M)

Strategic Lesson:

Diversification is existential.

Macro Headwinds: Top 5 Industry Challenges

01

Regulatory Uncertainty

RBI scrutiny on data access & KYC.

02

CAC Inflation

Digital ad costs rising. >40% expense ratio is unsustainable.

03

Unit Economics

High rewards vs. thin interchange margins.

04

Single Bank Dependency

Concentration risk (Lessons from the pause).

05

Travel Volatility

Discretionary spend sensitivity to macro downturns.

Internal Diagnostics: The Hard Truths

Regaining Momentum

Post-pause velocity must exceed entrenched competitors.

The Attachment Problem

Moving users from Cost Centers (Earners) to Profit Centers (Bookers).

Leverage Deficit

Federal Bank holds the license. We need more negotiation power.

Differentiation

Avoiding commoditization in a crowded "Zero Fee" market.

Strategic Playbook: Product Evolution

Aggressive Booking Attachment

Incentivize the first booking immediately (e.g., Redeem first 1,000 coins for a getaway).

Tiered Membership (Scapia Plus)

Paid tier (₹999/yr) for power users to secure recurring revenue.

AI Concierge

AI travel planner for waitlist prediction and dynamic pricing.

Strategic Playbook: Partnerships & Growth

Multi-Bank Strategy

De-risk from Federal Bank.
Target: **IDFC First**, **SBM**, or
AU Small Finance Bank.

Vertical Depth

Negotiate exclusive
inventory deals with
boutique hotels
(Supply OTAs don't have).

Referral Loops

Shift from paid ads to
intentional Tribe to '**Scapia
Tribe**' community referrals.
Target: **Reduce CAC by 50%**.

The Mandate: Key Focus Areas for This Role

Bank Relations

Manage Federal Bank;
Scout Bank #2.

Supply Chain Economics

Negotiate higher
commissions (**8-15%**)
to offset rewards.

Network Innovation

Leverage Visa/RuPay
capabilities for unique
features.

Ancillary Revenue

Partners for Insurance
& Forex to boost ARPU.

Interview Cheat Sheet: The Final Perspective

- **The Pause was a blessing.** (Forced discipline)
- **Attachment Rate is the Metric.** (The only valuation driver)
- **Dual-Network is the pivot.** (Card to Platform)

Is travel the entry wedge to other lifestyle categories, or is deep vertical integration in travel the permanent moat?
